Stinson, Culp, Maharam, Mayer, and Momentum. Company warrants these textiles to perform under normal conditions as furniture upholstery and when cared for according to cleaning and maintenance guidelines provided by the textile supplier. Proper care and cleaning is imperative for maximizing textile performance. However, in the unlikely event that one of these upholsteries does not perform in accordance with manufacturing specifications when used and maintained under normal conditions, and the user has not misused, cleaned or attempted to clean using cleaning agents or procedures not suggested or approved by the textile supplier, Company will replace the fabric free of charge.
